

UTPA Promotes Small Businesses

UTPA with its SBDC program promotes and helps to develop small business

Javier Martinez, the Award winner of the 2010 SBDC consultant of the year, was a key individual in making things happen.

Javier is a unique promoter of small businesses in south Texas and he went beyond the call of duty when he started assisting COLIMAR International Logistics executives.

The end result was the successful acquisition of a 270,000 sq. ft. warehouse located in Mission, Texas.

Javier was involved with the project since its inception and his advice, assistance and collaboration were invaluable.

From everyone in the CIL's team

THANK YOU JAVIER!

Joaquin Spamer
President
